Child and Spousal Support 2017

Maintain currency in child and spousal issues by exploring recent developments and new case law with distinguished panelists.

Impact of Illness and Disability on Spousal Support

Review case law evidencing the impact of illness and disability on support applications involving relationships of varying lengths – from short (less than 5 years), to medium (6–19 years), to long (20 and up) relationships.

Demystifying MEP's Administration of Support Provisions in Court Orders

Discuss changes to MEP policy about orders involving s.7 expenses and adult child support, and to legislation regarding stays of enforcement. Discover how to draft MEP-friendly orders and effectively address concerns with MEP.

Support for Adult Children (It's Not Over Until It's Over)

Analyze legislation related to adult child support and the case law that heavily annotates this area. Identify key differences between minor and adult child support, and examine concepts that underlie adult child support analyses.

Imputing Income to Determine Child Support Payable: An Overview and Update

Review the law relating to applications that involve the imputation of income. Discover tips for applications using prior year income in calculations, retroactive claims in circumstances where income has dropped dramatically, and more.

Review Clauses in Spousal Support

Determine when review clauses are appropriate. Explore best practices for structuring these clauses when used on a consent basis and factors that affect contested review order applications.

Applying For and Responding to Interim Spousal Support Applications

Unravel the mystique and understand the “science” behind the elusive Application for Interim Spousal Support. Gather practical tips for use in both seeking and defending against interim spousal support applications.

Thank You
